Connecting Communities

For a more inclusive and equitable California

USCDornsife
Equity Research Institute

Welcome to the California Immigrant Data Portal, a resource and progress tracker for immigrants and those serving immigrant communities across the state of California. This portal presents data and case studies that can be used to better understand and promote the well-being of immigrants, their families, and their communities. Data indicators are organized into four categories, which include general demographics and three additional categories based on a **three-part definition of immigrant integration**:

COMMUNITIES & CONNECTIONS

- Disaggregate **data** and develop **equity metrics** for **accountability**
- Think about **equity** in terms of **past, present, and future**, particularly to minimize harm

COMMUNITIES & CONNECTIONS

- Disaggregate **data** and develop **equity metrics** for **accountability**
- Think about **equity** in terms of **past, present, and future**, particularly to minimize harm
- Continue the dialogue, setting a goal of **reversing generational disadvantage** and a frame that this will **benefit all Californians**
