Overview

For over 40 years, West Valley Occupational Center (WVOC) has been meeting the educational needs of the Southwest San Fernando Valley. Our school helps community members achieve their academic, career and civic goals. In addition to offering English as Second Language (ESL), adult basic skills and adult high school diploma courses, WVOC also offers a variety of Career Technical Education (CTE) programs, esthetician, construction MC3, HVAC, manicuring and nursing assistant.

Los Angeles Unified School District Division of Adult and Career Education

WEST VALLEY OCCUPATIONAL CENTER

Learn English

English as a Second Language (ESL)

The ESL program helps students improve their language skills for work, school, and daily life. With seven levels, from basic literacy to advanced, students build vocabulary, grammar, and communication skills to reach their personal and professional goals. The program also supports cultural/civic understanding and lifelong learning.

Family Success Initiative (FSI)

The Family Success Initiative (FSI) helps parents and guardians of students attending Los Angeles Unified schools support their children's education by teaching them how to connect with, participate in, and lead in their school communities. FSI offers multilingual families tools to learn English and develop strategies for supporting learning at home and in the classroom.

Earn Your Diploma

Adult High School Diploma

- Study in person or online, any time and any place, for your high school diploma
- Take advantage of personalized counseling and individualized instruction to qualify for college and career training
- Transfer credits you've already earned—here or abroad—to get your diploma fast

High School Equivalency Certificate

- Study at your own pace, in-person or online, to pass the High School Equivalency Exam
- Earn a nationally recognized secondary credential to get ready for your college education and career training

Accelerated College and Career Transitions (AC²T)

- Young adults, 16–24, who have left high school get a second chance in this fast, individualized program
- Flexibility in instruction empowers students to achieve their high school diploma or equivalency certificate
- Individual counseling and a personalized learning plan prepare students for transitioning to college and career training

Train for a Career

Career Technical Education (CTE)

In CTE, seasoned industry professionals with extensive real-world experience equip students with the skills and knowledge to launch a fulfilling career, offering pathways to entry-level employment, career growth, and valuable industry certifications.
